AV ELEVATORS

“Add Value to your luxurious life”

AV Elevators are one of the INDIA's leading lift companies, offering unparalleled lift maintenance from our Hyderabad Base. Our services also include Lift Repair, Lift Installation and Lift Modernisation.

AV Elevators was established in the year 2017 and is one of the fastest growing companies having in-house R&D and manufacturing facilities. AV Elevators stand for Elevators Techno Solutions.

Our corporate office is based in Pune. Other branch locations in various locations make it convenient to reach all of our existing and potential customers.

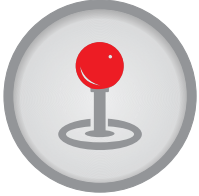

We are a Proprietorship Company having a blend of professionals and technocrats. We have done extensive market studies in the ELEVATOR business and have invaluable insight into the strengths and weakness of the ELEVATORS of different makes offered by both indigenous and multinational companies. The continuous feedback from different users has added to our insight in the chosen field. We have installed a large number of lifts at various Government & Private Organization. We have a strong team of technical personnel including Electrical, Mechanical and Electronic Engineers.

Our continued commitment to providing the best quality of products and services has made us one of the largest independent elevator companies in the nation. Today, AV Elevators proudly serves new construction, modernization, Residential & Commercial elevators and offers service and maintenance. The company is supported by an in-house manufacturing facility.

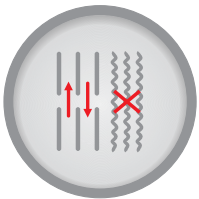

The goal of AV Elevators is to provide responsive service tailored to meet the individual needs of our valued customers. We can confidently affirm that we are large enough to solve your problems and small enough to provide personal care. We welcome the opportunity to work with you on any of your vertical transportation needs.
